ClinicalKey®

Maastricht University

Maastricht UMC+

Download the free ClinicalKey App for Apple™ and Android™ devices.

Register with your institutional email address and activate remote access on ClinicalKey.com and the app.

You can (re-)activate remote access anytime, anywhere:

- Go to www.clinicalkey.com/#!/remote-access.
- Enter your institutional email adress and click 'Continue'.
- Look in your inbox for an email from ClinicalKey with a remote access activation link.
- Click on the link and wait patiently until a confirmation appears in your screen that activation was successful.

Login or register for long term remote access. Remote access will automatically be extended every time you login from the registered IP network.

Questions? Contact your University Library.
